End-time Prophecies

- **Discuss** importance of understanding the people, culture, and laws under God to whom the prophecies were made.
- **Discuss** the divine relationship context of biblical prophecies, and also how they are based on laws and principals, not just random babbling from some mystical “Oracle of Delphi.”
- **Note** that there is a continuity in Bible prophecy which moves consistently from the Patriarchs, Moses, the Kingdom Age prophets, Daniel, Restoration Age prophets, John the Baptist, and Jesus Christ (Gospels and Revelation).
